If you are interested in *social sciences*, have regard for the *quality of your education*, and care about *your future career and life plans*, then consider studying at Collegium Civitas, the leading Polish university offering International Relations and Political Science degree programs in English.

Collegium Civitas was established under the auspices of five Institutes of the Polish Academy of Sciences in 1997 and has relied extensively upon the teaching and research traditions of these renowned Institutes. It is open to new and rewarding inventions in higher education: interdisciplinary approaches, closer lecturer-student relations, study abroad programs, internships, and the encouragement and supervision of individual student research projects. Collegium Civitas has grown into a university of the XXI century.
